Transportable Modular
Homes

Description: [Anchor Homes](#) are leaders in designing, building and delivering transportable modular homes. For more than 25 years, we have been providing high-quality, cutting-edge, sustainable and innovative building solutions to Australian families. Our transportable homes building system is fast, cost-effective and eco-friendly. Our modular homes are built at our 12,000 square metre manufacturing facility in Stratford, Victoria and then transported to your site in Victoria or NSW. Our advanced building method allows for reduced wastage and stringent supervision, assuring your new modular home passes all quality standards and exceeds your expectations. At Anchor Homes, our unique prefabricated building solutions are suitable for a wide variety of housing projects. Our technology allows buildings to be delivered in up to half the time of traditional building methods achieving significant cost savings and a higher quality build finish
