Title: Dear Potential Business Owner
Description: If you are like me, you've searched the Internet over and wasted lots of time and money with "get rich quick" businesses that turned out to be schemes. I've always wanted to start my own business that was LEGITIMATE and HONEST (and not a "pie in the sky" fairy tale). Well, I did it! I've officially started my own home business as an affiliate with SFI (Strong Future International). Here are some of the reasons why I decided to go with SFI:

- * Their parent company has been around since 1985.
- * It's free to get started.
- * They're in over 200 countries worldwide.
- * You can do everything from home on your

computer.
* 24-hour support.
* Free training and free Website.
* They're growing rapidly and there's lots of money to be made.

There's nothing to lose and everything to gain here, including more time with your family and more money in your wallet. It's well worth looking at SFI and investing in your future with us. For more information, see www.sfi4.com/19226316/
