Title: Feature of Cheap Dedicated Server Hosting - Onlive
Description: Dedicated server hosting is a great choice when you need lots of raw processing power for your resources-hungry application or need complete control and isolation. With Dedicated hosting, you will not be sharing resources such as memory, processor & hard drive with other users on the same server. it allows you to fully customize every aspect of the server, you can install special software/applications, install custom kernel or

configure the server to
your own particular
needs.
